## Fishing for Our Troops and Leebcor Services Catch a Big Fish for USO

Fishing for Our Troops is making a splash in a debut appearance at the annual Bassmaster Classic Outdoor Expo presented by Dick's Sporting Goods on Friday, March 16, the event will run through the weekend ending on Sunday, March 18. Fishing for Our Troops supports the USO through ongoing support and awareness operations, as well as partnering pro anglers with U.S. veterans and active duty military to impact their lives through comradery in fishing. Fishing for Our Troops was established by Leebcor Services, LLC.

Leebcor Services is a construction company that serves the federal government, with a large portion of their projects being military barracks, command centers, and administration offices. As a means of giving back, Leebcor Services founded Fishing for Our Troops, a non-profit organization designed to provide ongoing support, awareness, and fundraising for the USO, the organization who seeks to “strengthen America’s military service members by keeping them connected to family, home and country, throughout their service to our nation.”

Leebcor Services CEO and Owner John Karafa, a disabled service veteran of the U.S. Air Force, found synergy in a love of fishing and a desire to support U.S. troops through the USO. To augment the organizations goals, Karafa met Rick Morris, a returning Bassmaster Elite Series pro of Bracey, VA. “I met Rick when we hired him as a guide on Lake Toho, and really enjoyed meeting him,” said Karafa. “As we got to know him, we quickly realized that he would be a perfect fit for Fishing for Our Troops, so we decided to support him and enlist his aid in the events we will be running in support of the USO going forward.”

Rick, who has had a strong career in the Bassmaster Tour and Elite Series, will be competing in the 2018 Bassmaster Classic this week at Lake Hartwell in Greenville, SC after

taking a three season break from the sport's highest level. Rick and his title sponsor, Leebeor Services, joined in an endeavor to support the U.S. military through its Fishing for Our Troops mission in support of the USO.

“John has become a true friend and Fishing for Our Troops has given my life and my fishing real purpose. I feel like I have a true support system around me, with a great mission, who will stand with me, and I with them; I am proud to display Leebeor on the side of my Falcon boat,” said Rick.

Please join Leebeor Services and Fishing for Our Troops at the Bassmaster Classic this weekend at Lake Hartwell in Greenville, SC on the Classic Outdoor Expo Floor in booth 2553. For donations greater than \$15 to the USO, they will be offering free U.S. Flag themed Fishing for Our Troops shirts.

**About Leebeor Services, LLC presents Fishing for Our Troops** - We want to give back to the U.S. military and their families that give so much for us. Our aim is to bring veterans and active duty military together to make an impact on their lives through fishing. Through seminars and a day on the water with some of the best pro bass anglers in the country, we hope to provide service men and women with a fantastic experience and new skills that will serve them for years to come while raising funds to support the mission of the USO.
